DAMASCUS, Syria (U) — Ten thousand demonstrators swarmed through the streets of Damascus today shouting anti-Western and anti-Israel slogans.

Police threw up heavy guards outside the American, British, French and Turkish embassies. Other police dispersed the mob without incident but similar demonstrations broke out elsewhere in Syria.

The demonstrations were called against the partition of Palestine and the creation of the Jewish state of Israel eight years ago. The demonstrations also marked the 17th anniversary of Syria's loss of the province of Alexandretta to Turkey.

More than 75,000 students poured out of schools and paraded in the main streets of Syria's biggest cities according to reports reaching the Ministry of Interior.

In Damascus itself, mobs raced through the streets shouting "down with western colonialism" and carrying the signs blaming the United States and Britain for "forcing" the establishment of Israel in the middle of the Arab world.

SHOW STOPPER in the Chi Chi Starlite Room is Jimmy Ames, one of the nation's zaniest comics. Rated as one of the top comedians in the nation today, Ames has appeared in most leading night clubs and hotels throughout the country. Variety termed his "Musical Saw Ski" as a laugh barrage. Billboard described him as "one of the greatest comics of this day," and Columnist Louis Sobol rates him in the same class as Danny Kaye and other top-notch comics. His act at the Chi Chi has resulted in his being back time and time again for encores at each performance. Other audience pleasers on the top show are Betty Kelly, who headlines the act, and the popular Sing Lee Sing Family.

## Bulganin, Khrushchev Given Wild Welcome in Calcutta

CALCUTTA, India (U) — Soviet premier Nikolai Bulganin and Soviet Communist party chief Nikita Khrushchev rode like twin Buddhas through a hysterical welcome by over five million Indians today.

The greeting was the wildest yet given the two Soviet leaders as they arrived by plane from Madras on another leg of their barnstorming tour of India.

They sat with upturned hands, Indian style, as they were whisked by car from Dum Dum Airport to the heart of this teeming city of millions.

A crowd of five million men, women and children lined the seven and a half mile route shouting, "Indians and Russians are brothers."

The population of Calcutta and its surrounding district is slightly more than 2,100,000. But government officials said special trains

## President Plans 4 Days Routine Work and Rest

GETTYSBURG, Pa. (U) — The White House announced today that President Eisenhower will drive to Camp David, Maryland, Thursday to attend a two-hour meeting of the National Security Council.

Although this represents a change in plans, Press Secretary James C. Hagerty emphasized that no emergency is involved.

By FRANK ELEAZER  
United Press Staff Correspondent

GETTYSBURG, Pa. (U) — President Eisenhower today began four days of routine work mixed with rest and recreation.

The President had planned to put in a brief stint of paper work at his downtown Gettysburg office today. But he changed his mind in view of the 20-degree weather and the lack of major business to transact. Instead, he asked his secretary to drop by the farm to take some dictation.

He had no scheduled callers. For most of the day, he hoped to take it easy around his farm home.

PRESS SECRETARY James C. Hagerty indicated Mr. Eisenhower will follow pretty much that same routine through Friday. Official business will pick up again Saturday when the President confers separately with Republican leaders of the House and Senate, Rep. Joseph W. Martin, Jr., Mass. and Sen. William F. Knowland, Calif.

Monday the President talked for 45 minutes with Republican National Chairman Leonard W. Hall but failed to answer the question, uppermost in Republican minds: Will he consent to be nominated for another term in the White House?

It was the President's first frank political activity since his heart attack in Denver on September 24. Hall came away with no information on the President's plans but with fresh optimism that Mr. Eisenhower will run.

The President also conferred with Labor Secretary James P. Mitchell and later in the day issued an order imposing tighter conflict-of-interest rules on some of the government's unpaid officials.

**WINTER**  
At Rockford, a 20-mile-per-hour wind gust toppled an Ozark Airlines DC3 onto its nose moments after it landed on a flight from Milwaukee, Wis., to St. Louis Monday night. Both propellers were badly bent, but the three crew members and three passengers escaped injury.

Another wind gust spelled trouble for a knife-wielding Detroit bandit as he sped from a grocery store with \$256 clutched in his fist. The wind whisked the money away and the bandit had to compete with a store clerk and a passerby in a wild scramble to pick it up. He finally got away with only \$178.

THE WEATHER CAUSED more troubles at Columbus, Ohio, where Zoo Director Earl Davis said he needs \$5200 worth of new furnaces or the lives of \$55,000 worth of animals will be endangered. He feared particularly that the cold weather would be too much for two baby elephants and that the zoo's ostriches would catch pneumonia.

In the Pittsburgh, Pa., area, meanwhile, the icy weather was blamed for three fatal heart attacks. Chicago authorities reported that two more persons had died of heart attacks because of the weather.

A freak pocket of warm air spared the Chicago area from more near-zero temperatures. In southern New Mexico, however, temperatures were expected to drop five to 15 degrees more.

toned at the neck and tied with a snug Windsor knot in a red and blue polka-dot all-silk tie.

It was reported by Redlands police that Bishop had an appointment and saw Dr. Salomon the day he disappeared.

THE TAILOR'S inscription, "Fred C. Fowler," is a haberdashery in Redlands.

The Hurley Nursing home, though not to be found in Yucaipa, is in Redlands. Witness said Bishop had known a nurse who worked at Hurley Nursing Home in Yucaipa a few years ago.

DRAKE, VOGELAAR, and Brown checked back on their facts. The body had been discovered by five men from Gardena and Torrance who had stopped by Highway 111 for lunch. They had taken the dirt road part-way up to Lazy C Ranch, and after eating, walked around. One man came upon a shoe and then the pile of bones and clothes.

Remnants of pants, shirt, undershirt, one sock, two shoes, a coat, and a tie were found. Investigation into the identity of the body took police 72 hours to complete.

YESTERDAY DR. Lawrence E. Heime, a dentist of Redlands who had worked on Bishop's teeth during part of the 40 years the former accountant lived there, found 16 positive points of identification. They included gold caps and various inlays.

Investigation of the Bishop case was easy to follow once positive identity had been made, according to Westley Brown, Redlands Chief of Police.

He had lived with his widowed mother, Mrs. Viola Bishop, 75, at their home in Redlands. Mrs. Bishop has since moved to Claremont, 414 West Third Street, to be near Bishop's sister, Mrs. Vera Tyson, 600 East Baseline, in that city.

That was all.

THE INVESTIGATION was bogged down to the plodding method of back tracking. Detectives were able to delve into Bishop's financial depths, but never completely.

## Police Exams Planned by City

Examination to establish an eligibility list of prospective policemen will be given by the City of Palm Springs early in January, City Manager R. W. Peterson announced today.

There now are two vacancies on the force, and the current eligibility list has been exhausted, according to Police Chief August G. Kettmann.

IT WAS EARLIER that Bishop had sent the bonds to Toronto, Canada, to try and sell them at a higher market than in the states. But there the trail ended.

The lonely hearts lead had similarly reached a dead end.

The car was never found. It may be Roland S. Bishop was—murdered.

**IRONY OF FATE** — It has been a strange and unhappy turn of events that turned Safe Driving Week into traffic tragedy week in the Palm Springs area. Does it indicate the utter failure of the determined effort being made to reduce traffic accidents here? Some people may wonder. Definitely not.

We must not fail to take into consideration the fact that the number of automobiles on the highways around Palm Springs is double what it was only two or three years ago — specially at this time of year. So it may well be, if actual figures were known, that the rate of accidents per thousand cars has decreased. Anyone who has lived in Palm Springs for several years will agree that there are a lot more cars in town and on nearby highways this Fall. I drove east on Highway 111 Friday afternoon and the cars approaching Palm Springs formed a solid stream only a hundred feet or so apart.

This situation calls for an even greater traffic effort and more precaution on the part of local drivers. The purpose of Safe Driving Day — next Thursday — is to show that motorists and pedestrians can reduce traffic accidents by their own actions. In the country at large, and in many cities, traffic accidents were reduced on S-D Day last year. There was, for example, no traffic fatality in Los Angeles on that day. It was also demonstrated that the place to attack the traffic problem is in the community, showing that responsibility rests upon every individual.

A very active local committee for Traffic Safety has been cooperating in the nation-wide program to focus attention on the problem in this community. We must all realize that, with the rapid growth of the area, there are bound to be more accidents. This is specially true because the highway improvement program cannot keep pace with the growth. Take for example the bad situation at Araby Point where one of the accidents occurred last week. This has existed for a long time and has become far worse with the great increase in cars using highway 111.

What can the individual do to reduce traffic accidents? Drive safely himself, of course. Almost every driver knows what constitutes safe driving but it will be worth a few minutes of his — or — her time to review safe driving rules on this annual observance of Safe Driving Day. Here are a few important ones:

1. Obey speed limit sign. This is the first rule of traffic safety. Excessive speed is the cause of most accidents. Watch for school zones!
2. Yield the right-of-way to pedestrians in cross walks — but be on the look-out for them at all times — specially on the streets in Palm Springs.
3. Heed signs and pavement markings that were put there for your safety at crossings, curves, hills and intersections.
4. Make sure you have plenty of time before passing on the highway. Remember the oncoming driver's life is in your hands as well as your own. Pass on the left only.
5. Don't swing in and out of lanes on multiple lane highways when traffic is fairly heavy. Turn only from the correct lane.
6. Always use arm signals — and do so well in advance of turning and stopping. The most common error is signaling too late to warn other drivers.
7. See that the brakes, lights, tires, windshield wipers and general condition of your car is good. Have your car checked regularly.
8. Don't drive after you have been drinking. You know you shouldn't... well don't.
9. If you are involved in an accident, stop and give any aid you can — and notify the nearest police station immediately.
10. When you are driving an automobile pay attention at all times to your driving — and if you're a rider don't divert the driver's attention from the road. This is a common cause of accidents and a common driver error. Expect the unexpected at all times — it may occur any moment.

Practice safe driving next Thursday. Pay attention to everything you do and you'll be aware of the common mistakes you are inclined to make and the chances you often take. Good athletes keep right on practicing every day. To be a good — and safe — driver you have to practice once in a while. Start next Thursday practicing good driving — and then pick out a day every once and a while and practice again. This habit would cut traffic accidents in half.

**WE NEED GOD'S HELP** — "Give them Faith to live by... Worship with them this week." That message is almost certain to reach every American at least once during this November. Millions of people throughout the nation will see or hear it many times as it is repeated by newspapers, television, radio, billboards and magazines.

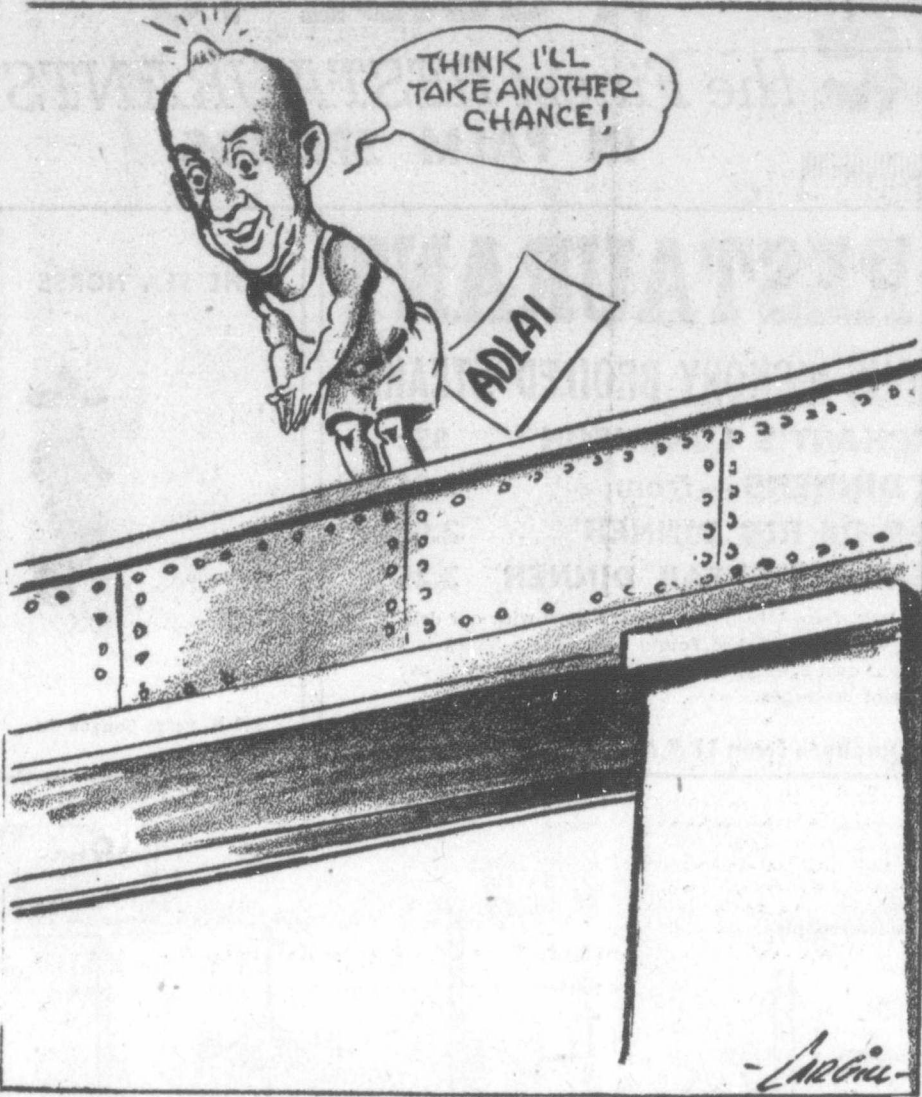

When you hear it, think back to the time when, as children, you attended worship services with your family. No one of us, surely, can remember that time without the deepest gratitude for parents who were helping us to find their most precious gift, a faith to live by. Praying together each week with us, they prayed that we would grow up with the wisdom and inner strength of character that comes from religious faith.

Yet how many of us today may be failing to use the great spiritual resources of religious training for our children? Are we helping to show them the way, as our parents showed us, to the enduring spiritual values offered by religion? Yet we only have to look at the daily headlines to realize the urgent need, perhaps greater than at any time in history, for Divine guidance.

So, when you see or hear the message, "Give them a Faith to live by," remember that each of us needs to renew that faith continuously by regular attendance at the church or synagogue of our choice.

This message is the 1955 theme for the Religion In American Life program which conducts a nationwide campaign throughout each November to strengthen the place of religion in personal and community life by urging all Americans to attend worship services regularly.

Worry, hurry, scurry, flurry,  
All of them in rhyme.  
So do it now so you'll avoid  
Them all by Christmas time.

At long last, after due deliberation, arrived at the above because I didn't know how to rhyme Christmas. Could use 'fuss' to go along with the school which says 'Christmas' or 'alas' with the 'Christmas' class.

**COMES A COMMUNICATION** which I print for what it's worth. Says this writer: "Why blame Palm Springs for all the accidents to date in Safe-Driver Week? Reading the list of the cars involved half of them are from outside of the Village. Seems a lot of out-of-towners are coming here to have their accidents. That's not a blot on Palm Springs." No, it isn't but the fact that they occurred here must be recorded that way and it does unjustly affect the many people who are striving to reduce the traffic toll in the Village. Another communication, this one verbal, suggests that Palm Springs put too much of a strain on motorists when they stretched Safe-Driver Day into Safe-Driver Week. Said a cynic: "When so many will have trouble driving safely and sanely for just the one day and it will be a real chore, how can you expect them to do so for a week? That's really rugged for a lot of them."

**NOTE WHERE** one of my colleagues in getting out this piece each day, prints a communication about street lights shining up instead of down where they'll do the most good. Can recall that when the lights were first planned I wrote mightily but with no success to have them point down instead of up. Our brilliant stars can take care of the sky, I said, but whose going to take care of the streets. I lost. But since then, the city has established special lights which put the cross walks into full illumination, and that should suffice. If pedestrians stuck to the cross walks, they'd be in less danger. And jaywalking isn't conducive to longevity or in keeping with the spirit of S-D Day which should also be S-W Day to help reduce accidents, the 'W' stands for walking.

**AND IF YOU WANT** to speed, buy a Sports Car and get in on the ninth annual running of the Sports Car races at the Airport next Saturday and Sunday. You won't get a ticket for flooring the throttle if there's a number on the side of your car and you stay on the course. It is estimated that the races will bring between 15,000 and 20,000 people to town. That ought to be a busy weekend and bring a lot of new business to town. Think of the traffic on Palm Canyon, Indian Avenue and Ramon Road! This piece seems devoted to traffic so might as well end it up that way. Speaking of that Y at the confluence of Palm Canyon and Indian — If north bound motorists would only signal their intentions either with arm or blinking lights, it would help. Many a time a southbound motorist on Indian has waited for a north-bound driver to pass only to have the latter suddenly swing into Indian Avenue. By that time, south-bound cars on the Drive have multiplied and another long wait is ahead. If northbound drivers signal their intention to turn right, it would help.

That ends today's griping.

Varicose Veins

Varicose veins most frequently occur in the lower extremities. These are stretched or dilated veins which have broken through the surface fat and collect singly, or more frequently in bunches, directly under the skin. They come on very slowly, and are progressive. Their onset is unpredictable.

They occur in human beings because of, in many instances, an inherent hereditary constitutional weakness. This weakness is in the walls of the veins which are thinner than the walls of arteries. The veins are the conduits through which blood is returned to the heart, to be aerated, and to pick up nutrition which can be returned to the organs of the body and other tissue structures.

**INASMUCH AS THEY** come from very small capillary vessels, only large enough to pass a single blood cell, and gradually enlarge as they approach the heart level, nature has devised a method to maintain the pressures within them. This is done through the presence of a series of valves which project into the vein and hold the blood, preventing its falling to the lowermost and smaller channels.

In the upright position, this is known as hydro-static pressure. Where the vein wall is thin and stretches, forming its varicose dilation, the valve is pulled away from its normal position, the blood stagnates, fills and balloons out the vein, so that it is seen as a cluster of bluish wormlike or grape-like tissue.

**THE STRETCHING** of the vein wall may also be due to pressure on veins, particularly in the pelvic cavity, in the carrying of the fetus or unborn child, or in the presence of tumors or constricting tissue bands which may form scar tissue and create pressure and an obstruction to the flow of venous blood.

Very frequently, the area below the varicose veins, extending usually from the calf of the leg down, may become pigmented, which is a discoloration somewhat brown and also may atrophy or lose its

normal elasticity and ability to stretch and contract.

**IF THE VEIN** breaks, or when swelling occurs in the area below it around the ankles, sometimes it breaks through the skin causing a varicose ulcer. These are somewhat hard to heal, and require careful attention. Occasionally, an injury to the wall of the vein will cause a blood clot to form within it, and there are times when infection may become a factor, and a serious one.

In these latter conditions, following childbirth and the pressures in the pelvic cavity, what is known as milk leg may occur. This is extensive swelling of one or both legs, so they may attain a size almost twice that as in the normal condition. Very early postural change, elevating the legs, lying on the back, will drain them, and exercises to improve the muscular tone should be employed. Elastic bandages or stockings may give support, and remove the pain and tired feeling associated with this condition.

Varicose veins on the surface can be injected and obliterated, but where these methods fail surgery must be considered. This does not preclude the return or recurrence of more dilated veins. It is therefore important when this condition is first noted to immediately seek treatment to eradicate and prevent further disturbances.

Few gals can get Marlon Brando to adjust their sash but Marilyn Monroe did in a shot announcing that she'll be an usher Dec. 12 at the world premiere of "The Rose Tattoo" for benefit of the Actor's Studio. Orsen Welles'll do his magic act—and has offered to saw Miss Monroe in half.

Hearing about a rich playboy who "has everything," Taffy Tuttle said, "Then they should quarantine him!"

**WHEN DELICATESSEN** owner Max Asnas was honored by HIAS (the Hebrew Immigrant Aid Society), Max warned Toastmaster Harry Hershfield, "Don't praise me too much. I got enough baloney in the store."

Hershfield claims that when a

beggar asks for a sandwich Max gives him 50c to buy one, for his self-respect. But it being the holiday season, Max gave one panhandler 75c. The bum sat down to eat, argued with a waiter, then suddenly shouted at Max: "You got a hell of a nerve charging 75c for a sandwich!"

Sammy Renick, the TV commentator and ex-jockey, says some possible sales prices quoted on Nashville are ridiculous—the horse, if he runs next year, will quickly pass Citation as the greatest money-winner of all time, easily reaching the \$1,500,000 mark, and then if he retires should be good for 15 years at stud, at fees of \$250,000 a year. With William Woodward gone, who's to take Nashville? Why not "Sunny Jim" Fitzsimmons, his trainer, now 81—"and let them retire together?"

### The Voice of Broadway

**NEW YORK**—Milton Berle devoted part of his New York visit to conferring with his original TV writers—the boys whose funny lines helped make him "Mr. Television" in the early days of video.

He rehired one and is negotiating with others of the group... Gloria Vanderbilt's intimates suspect she walked out on the Frank Sinatra picture with the approval of Sidney Lumet, the TV director. He appears to be calling the shots on her career.

Joe Louis found himself in the role of private referee the other night when he separated jazz pianist Dorothy Donegan and her ex-suitor, Carl Maxwell. They were trading punches like pros until the Champ stepped in... Grace Kelly is considering Jean Dalrymple's bid to star in "The Swan" at the City Center next season... The William Woodward children are being guarded by private detectives.

**NANCY KELLY** telephoned Sherman Billingsley all the way from California to order a Stork Club wedding cake and enough champagne for 100 people to celebrate her wedding to Warren Caro... A hot midtown rumor has it that Milt Blackstone, Eddie Fisher's manager, may take over the

Monte Proser's most recent nightclub, the shuttered La Vie.

Young Larrie Thomas, one of the Goldwyn Girls, is being wooed by John Bromfield, former husband of Corinne Calvet... There should be headlines soon on the flood of hypodermic-needles being smuggled into New York for the drug addict market. Narcotics agents have pegged Florida as the origin of the illegal needles.

**THE DUCHESS OF WINDSOR** leaves for France Dec. 2 to join the Duke and make the journey back to the U. S. with him. She affectionately refers to the trip as "picking up my romance"... Negotiations for Rocky Marciano to do a series of boxing exhibitions in Buenos Aires just fell through. The South American promoter with whom he was dealing was popped into jail on government charges.

Norman Frank, producer of NBC's "Wide, Wide World," is hospitalized after an emergency appendectomy... The censors must have been fooling around the popcorn stand for part of the picture or Rita Moreno never would have received the okay on some of those skin-revealing dresses she sports in "The Lieutenant Wore Skirts."

**AMERICAN TOURISTS** in Italy (especially the male variety) are being treated to a delightful surprise these days. Alluring Sophia Loren now finds it amusing to pop over to their cafe tables "just to chat." She alleges her motives are serious: she's dead set on learning English for her American movie debut.

Brooklyn churches are resuming bingo by the dozen... A famed actor's wife, rumored en route to Reno, is cooling it—literally—with a saxophone-playing member of the progressive jazz set... The flock of French entertainers currently performing over here are unanimous in voicing the same loud complaint: practically none of the top record stores carry their discs, despite all the fans who adore them.

**IT'S COLORFUL** — if tense — backstage at the hit show "Hallelujah!" Stars Shelley Winters and Ben Gazzara are at the snarling point... Now that film actor Richard Egan has returned to California, TV columnist Ted Green has inherited Barbara Nichols... Harold Arlen was Margaret Truman's escort at the pretty new Cafe Carlyle.

### Washington Report

**WASHINGTON**—Another Geneva conference is headed for the rocks. Secretary Dulles has directed Ambassador U. Alexis Johnson to wind up those secret negotiations he has been conducting since July with Red Chinese Ambassador Wang Ping-nan.

President Eisenhower authorized this breakoff, after the National Security Council approved it on the recommendation of the Secretary of State.

Before Johnson concludes his protracted and difficult discussions, he will make one more effort to obtain the liberation of many Americans still imprisoned in China.

Before these Geneva talks began, Peiping announced it would release all U. S. prisoners. That promise has still to be fulfilled.

These tightly-guarded negotiations were limited, as a direct result of the "summit" conferences, for a two-fold purpose: (1) To arrange the repatriation of U. S. airmen and civilians held by the Communists, and (2) to formulate a basis for a subsequent parley "on the ministerial level," that is, between Secretary Dulles and Premier-Foreign Minister Chou En-lai.

The prospects for such a meeting are now extremely remote—due to the Reds' refusal to free all imprisoned Americans, and grandiose demands as to what Dulles and Chou should consider.

Foremost among these demands is U. S. recognition of Red China, and its admittance to the United Nations.

**NOTE:** From latest available information, at least 15 U. S. civilians and an unknown number of servicemen are still in Red hands. The civilians include three Army employees, who have been sentenced to long prison terms as "spies."

**BOOMERANGING** — Secretary Dulles strongly advised calling off these five-months-old negotiations in his report to the President following the abortive Big Four conference.

One other reason was cited by Dulles for doing this.

This third factor is the serious repercussions of the Johnson-Wang talks in other Western countries.

Dulles told the President that certain of our allies are using these long-drawn-out deliberations

to enter into dealings with the Chinese Reds. The argument is being made that the U. S. is encouraging this by the Geneva discussions.

Dulles expressed the belief they are being deliberately dragged out by the Reds for the effect they are having in NATO countries.

Italy was cited as a graphic instance of this disruptive backfiring. The current Italian regime is conducting trade talks with Peiping. They were arranged by Ambassador Wang, who has been negotiating since July with Ambassador Johnson. These Italian discussions are taking place in Geneva and London, where Peiping has diplomatic missions.

When the U. S. made sharp representations to Italy on this matter, the latter pointed to the Johnson-Wang negotiations as justification for what it's doing.

The Reds' increasing propaganda operations are another reason for winding up.

Latest example of this is the story they leaked out about being willing to agree to Secretary Dulles' demand that the use of armed

force be renounced in settling Far Eastern problems. This carefully-planned report got world-wide publicity. Actually it was distortion of the real facts.

What Peiping did not disclose is that its reply to Dulles is loaded with typical Communist boppy-traps and loopholes.

Examples: The Reds want the U. S. Seventh Fleet to be withdrawn from the Formosa area, thus enabling them to dominate it with their land-based Russian jet fighter-bombers, and they insist the UN embargo against the shipments of strategic goods to them be lifted, thereby greatly accelerating their build-up of military strength and production.

There was no hint of these demands in the propaganda leaked out by Peiping.

**NOTE:** The number of U. S. servicemen on Formosa has reached the point where USO shows are including it in their schedules. An estimated 10,000 Army, Navy and Air Force personnel are now stationed on the Nationalist stronghold.

**Nanette Fabray Nurses Headache**

NEW YORK, (AP)—Veteran actress Nanette Fabray recovered in a hospital today from a king-size headache she got last night when a scenery weight struck her during the Sid Caesar television show.

The 20-pound pipe fell from somewhere above backstage just as Miss Fabray had completed a skit and was heading for a costume change. It crashed to the floor next to her and bounced up, striking her on the head. The nine-foot-long pipe also hit dancer Buddy Schwab, 25.

Miss Fabray was taken to Doctors Hospital in an ambulance. NBC officials said preliminary X-rays showed she did not suffer a skull fracture, but that Dr. Irving Somach had advised her to remain in the hospital under observation for several days. Schwab was not injured seriously.

**\$57,721 Worth of Indian Land Sold by U.S. Bureau**

INDIO—A total of \$57,721.22 was received by the U. S. Bureau of Indian Affairs in Sacramento this week, as a result of the sale of some 342 acres of Indian lands between the Salton Sea and here. The sale averaged \$169 an acre.

Only one fourth of the land put up for sale brought acceptable bids, the bureau announced. They originally put up for bid some 1,385 acres but actually sold only nine parcels totaling the 342 acres, because the sale only brought that much in acceptable bids. Tracts varied from 10 acres to 48 acres, with the majority containing about 40 acres.

THE BUREAU announced that deeds or patents in fee will be issued to the purchasers within the next few months and the lands will then be placed on the tax rolls.

The Indian lands problem has long bothered the Coachella Valley County Water District. The Indians own more than 10,000 acres on which they do not pay taxes and which therefore do not yet receive Colorado River water.

THE DISTRICT has sought, so far with little success, either to get the lands on the tax rolls or

**Grandma Bandit Holds Up Market**

LOS ANGELES (AP)—Police today searched for a mild-appearing woman about 55 or 60 years old who held up a market and escaped with \$80 cash.

Market manager Dan Coppola said the "grandma" bandit came into his store Monday and politely asked for cigarettes.

When he turned to get the cigarettes, Coppola said, the woman added, "... and the bills, too."

The manager said he turned around and found himself staring at the muzzle of a pistol which the woman was pointing at him. He handed her the money and she disappeared into the crowd of shoppers outside.

Palm Springs Personnel Board will hold a public hearing into the dismissal November 15 of Patrolman Ed Gutmann from the police force next Monday, December 5, at 9 a. m. in the city offices.

Members of the board are: Tom Kieley, chairman, David King, Ray Lusby, Warren Slaughter and George Ripley.

Gutmann was accepted as a member of the force January 10, 1933.

Chief A. G. Kettmann said the officer was dismissed because he was temperamentally unsuited for police work.

### Taylor Gives Sunday Tea for Weekend Guests

Ralph Wilcox Taylor's Villa Algeria was the scene of a sizeable tea on Saturday afternoon when Mr. Taylor entertained his houseguests and a group of local people by playing the taped recordings of "The Palm Springs Story."

Villagers included in the group were Mr. and Mrs. Homer Hilton, Col. and Mrs. Edward Banning, Muriel Fulton, Jack and David Linthicum, George Shaw, and the writers of "The Palm Springs Story," Ruth Buffington, Ruth Henderson and Helen Clarke.

Tea was served by two of the host's weekend houseguests, Mrs. Herbert Stinchfield and Mrs. Chris Landsdown. Mrs. Stinchfield and Mrs. Cora McKee were Los Angeles holiday guests, the Landsdowns were Pasadena guests of Mr. Taylor.

### For Holiday Leftover

**NEW YORK** —Next time there's leftover chicken (or turkey) combine it with rice in this easy casserole. You will need 1 cup diced, cooked chicken; 1 can (1 1/4 cups) condensed cream of mushroom soup; 3 cups of cooked rice (5-ounce package of pre-cooked rice); 1/2 cup milk; 1 cup cooked peas; 2 tablespoons chopped pimiento; and buttered bread crumbs. Blend the soup and milk. Stir in the cooked rice, chicken, peas and pimiento. Pour into a 1 1/2 quart casserole and top with buttered bread crumbs. Bake in a hot oven (400 degrees) for 20 minutes, or until hot. Yield, 2 servings.

### Kingsleys are Hosts at Dinner Party

Merel and Lewis Kingsley entertained at a Saturday night dinner at the Tennis Club.

Among their guests were the Wakeman McLellans and the Horace Seamans of San Francisco, Howard Lang, Miss Carmelita Lopez, and Mr. and Mrs. Clem Cointe of Los Angeles.

The Kingsleys, who have recently purchased the Howard Lang house in Beverly Hills, also own a desert home outside Palm Springs. This is the one that has been dubbed "El Knox," Kingsley explains it this way: that this started out to be a small desert house, but no small home ever grew so fast in a million dollar investment, hence the nickname.

That same night, the Harold McAlisters of Los Angeles and Palm Springs, entertained Mr. and Mrs. Charles Dunn of Los Angeles at dinner at the Tennis Club.

### Holiday Time-Saver:

**MADISON, Wis.** —IF you mix your own holiday cakes and cookies, take a tip from industry and go at it in a big way.

Flora Hanning, University of Wisconsin home economist, said you will save up to three-fourths of the preparation time in assembling equipment, ingredients, sifting and measuring by making the mix for as many as six cakes at one time and storing what you don't need immediately.

She recommended making a "master mix" of flour, salt, baking powder and fat, which will be ready for cookies, cakes, puddings or quick breads. All that is needed is addition of the required liquids, and they are ready to bake.

The mix not being used immediately should be stored in a tight container in a cool, dry place. If you use regular lard instead of hydrogenated fat such as solid vegetable shortening, keep the mix in the refrigerator.

**THE ORIENTAL INFLUENCE**, so prevalent in this season's styles, was particularly noticeable in the Hawaiian style show staged by Waltham Clarke Friday, poolside at El Mirador. Pictured, from left, are Patti Fosdick, Jackie McGuire, Bill Adrian of Hollywood, Yvonne Cabral and Nancy McConnell.

### "Thanksgiving" is Topic for Toastmistress

Palm Springs Toastmistress Club held its regular meeting in the St. Paul's parish house with Millie Brechlin, president, acting as Toastmistress of the evening.

The theme for the program was "Thanksgiving" with different and exciting Thanksgiving dinners described. Lyle Smith, Topic Mistress, presented an interesting variation in topics asking each member to contribute an original line for a poem in iambic pentameter with the reading of the poem made up of different blessings coming to each and all, and it brought forth a most unexpected but appreciated piece of poetry.

Thelma Good, inducted as a new member, was graciously welcomed by the club and gave her maiden speech. The other speakers of the evening were Dixie Janich and Jean Lehrfeld.

The next meeting of the Toastmistress Club will be a dinner at the Ranch Club, December 7, at 7 p.m. with members and invited guests.

### Petersons Host Holiday Guests

The H. E. Peterson ranch near Cathedral City was the scene of a family get-together last week, with out-of-town guests arriving on Wednesday for that traditional Thanksgiving Day feast for which the Peterson ranch is noted.

On hand for the occasion were Mr. and Mrs. C. V. Kelly of Los Angeles, Mr. and Mrs. Frederick Robertson and children, Wenny Sue and Mara Beth of San Diego, and newlyweds Mr. and Mrs. R. G. Patterson, also of San Diego. Some of the houseguests remained through Sunday.

### San Diegans Visit Lanes

Mr. and Mrs. A. K. Lane, who recently moved here from San Diego, had as their Thanksgiving guests Mr. and Mrs. J. P. Higgins of San Diego, who flew here in their own plane. Mrs. Higgins is the sister of Buck Weaver, formerly of the rodeo circuit.

Lane is the building inspector here and he and his wife are living at 841 Sunny Dunes.

### Tea Timer Stars in Style Show

Waltham Clarke's Tea Timers, an Oriental tunic with fitted trousers, were starred Friday in his poolside showing at El Mirador.

Fourteen lovely Bill Adrian Teen Age models modeled the Hawaiian cruise wear, which was shown in connection with the opening of Waltham's Palm Springs Shop No. 2 on Palm Canyon Drive.

There were Tea Timers, sarong dresses, bathing suits and even cocktail gowns in both cottons and silks. Many were hand prints. One of the prettiest of the Tea Timers was the Cloisonne print, in deep blue, turquoise and black on a natural-color background. A short cocktail gown, with billowing skirt and fitted strapless bodice, was gold coin hand-printed on gray silk chiffon. An attractive Chinese sheath dress was of red silk brocade.

Accessories, too, were from Waltham's shops. There was a big fish handbag, that has a swimming motion when it is open and closed. Another straw handbag was an amusing replica of a water buffalo. There was a sand dollar hat, a pony-tail hat (it's coconut hat with an open top), and a hat with built-in earrings, in addition to the more usual coolie and straw-stack hats. Earrings ranged from flower and shell ones to some shaped like fish.

There were many fabrics and designs. The temple candle print is new and interesting and the Fijian print is an addition to the tapa cloth print. Appealing is the Kokeshi Doll print that features a Japanese ceremonial doll. This was made up in a blouse with quilted skirt. Plumeria and frangipani prints were also featured.

Jackie Maguire, a young model from Pasadena, was selected as the prettiest of the 14 Adrian models.

Waltham, himself, commented the show.

Colonel and Mrs. Charles J. Perry of El Paso, Texas arrived in Cathedral City Wednesday to be the guests of Mr. and Mrs. Willard Hilberry for the rest of the week.

Mr. and Mrs. Vic Rathchild (she is Vera-Allen) and the Geary Steffens were weekend guests at Bonaire.

Mr. and Mrs. Herb Esbitt and son Geoffrey, spent two days in Los Angeles, where they had Thanksgiving dinner with Mr. Esbitt's parents.

## Sunday Night Party Fetes Houseguests

The playroom of the William B. Malouf home on Via Las Palmas was the charming setting for another Sunday night soiree, as Vicki and Billy hosted a large group for cocktails and dinner.

Among their guests were the Bill Bannermans, John McClures, Jack Frenches, Kenneth Kirks, Randolph Christies, Edith Small, Commander Reginald Venable, Johnny Maschio, Joe Pawlings, Mr. and Mrs. Don Bleitz, Gitta Alpar, the dramatic coloratura, who has a new home here on Grenfell Road, and Peter Gorgian, who designed and made much of the furnishings for the Malouf playroom.

The party was given in honor of their houseguests, Mr. and Mrs. Oliver Rousseau of San Francisco, and was intended as a climax for their week's visit here, but Mr. Rousseau had to fly north on Sunday. Mrs. Rousseau stayed for the Sunday evening party, leaving the next day for Los Angeles.

## Bond Baby is Christened

Six-month-old John Allan Bond, son of Mr. and Mrs. Allan George Bond of San Diego, was christened Sunday afternoon at St. Paul's in the Desert Episcopal Church, with Rev. William A. Blondon officiating.

Acting as godparents were Mr. and Mrs. Kenneth G. Edwards Jr., of Palm Springs.

Following the christening an informal reception for close friends and relatives was held at the home of the baby's grandparents, Mr. and Mrs. Ronald Ellis at 1260 San Jacinto Way. The maternal grandparents, Mr. and Mrs. George L. Bond were among those toasting the memorable day.

Mr. and Mrs. Ray Youngberg and sons, David and Joe, were Thanksgiving Day guests at the home of Mrs. Youngberg's parents, Mr. and Mrs. Elmo Purnell.

Villagers Mr. and Mrs. Stanley Jaloff spent the weekend in Los Angeles where they attended the Notre Dame football game.

Spending the last ten days in the Tennis Club bungalows were Mr. and Mrs. B. T. Slott of Long Island, New York. He is the internationally known banker.

## Scully Household has Full House for Thanksgiving

Like everybody else the Frank Scullys found themselves lower than the Salton Sea after the Thanksgiving weekend and "welcomed a break till the Christmas rush overwhelms them again."

They first thought they would have their daughter Patricia from Mercy College and a friend from Virginia. But she arrived with Bob Rowett and George Benson, juniors from San Diego State, and within an hour two other girls enroute from Hollywood to Phoenix, Patricia McLaren and Marilyn Dobbins, rolled up and decided that Scully's Bedside Manor was the perfect half way inn.

Sleeping accommodations were shifted around faster than if it were a national emergency and all were bedded down for the night. All stayed for Thanksgiving. The next night the Misses McLaren and Dobbins drove on to Phoenix.

Mrs. Isabel June of 1028 El Alameda has a group of friends as house guests. Arriving before Thanksgiving and planning to stay a week, were Mrs. Ferris Hupp of Long Beach, Mrs. Don Wilkie and Mrs. Marvin Hinslow of North Hollywood, and Mrs. Elizabeth Blaine of Hollywood.

Guests from Wednesday through the end of the week at the Matthews Ensalco home were Mr. and Mrs. Forest Edwards of Monterey Park and Mr. and Mrs. Leo J. Vinci and children, Dean, Johanna and Steven of El Cajon.

Mr. and Mrs. Walter Bishop went to Pasadena on Saturday to attend a dinner on Sunday given for mutual friends who arrived that day from their home in Honolulu. The Bishops will be back tomorrow.

Rafaela Marmelaje Valdez is home from Loma Linda hospital where she underwent surgery two weeks ago.

Larry Bruton, who is attending San Jose College, spent the Thanksgiving holidays here with his parents, the Martin Brutons.

## Calypso Dancers at Fiesta

Noel Clarke's Palm Springs Ranch Club was jam-packed Friday night with people in a gala mood as the world-famous Calypsonians headlined the South of the Border Fiesta.

Calypso Mac and dark-haired, exotic Caya thrilled the dinner crowd as they beat out exciting rhythms, sang and danced. They appeared in two floor shows and between times, Hal White and his Quartette, featuring Clessa Williams, played for dancing.

In the crowd was a party which included Trav and Willie Rogers, the Bob Kenastons and their son Bob Jr., the Bill Perlbers, Tommy Soderburg and Turner Clark.

The Bud Bachtolds and Miss Sunny Sund, Col. Michael Paul, Harold Hicks, Howard Lang, Carmelita Lopez, Frank Mueller, Ann Johnson, Dr. and Mrs. J. H. Vincent, Waltah and Gretchen Clarke, were in the gay throng.

In one party was Rita Linn, the TV actress Dick Haymes discovered last week.

Mr. and Mrs. Joe Allesandro of Cathedral City entertained members of the family for dinner on Thanksgiving Day. Guests included Mr. and Mrs. Carl Allesandro and sons, Jeffery and Tarry and Mr. and Mrs. Sal Allesandro and children, Joan and Richard.

Celeste Jumper spent the weekend with her mother, Mrs. Helen Jumper. Celeste is assistant supervisor of surgery at the Community Hospital in Riverside.

Mr. and Mrs. Miles Vopatek went to South Pasadena on Wednesday to be with a family group at the home of Mr. and Mrs. Steve Vopatek. They returned after Thanksgiving.

Second production of Redlands Footlighters, Inc., this Fall is now in rehearsal under the direction of Phyllis Stroud. The new play, "Country Girl," by Clifford Odets, will be given at the Grove Theater in Redlands on the first two weekends in December.

Heading the experienced cast are three well-known valley artists, E. "Mac" McGoffin, San Bernardino, as Frank Elgin, an actor with talent and a weakness for drink, Lee Royce, Redlands, as his wife Georgie, the role that won the Academy Award for Grace Kelly, and Joe Camp, Beaumont, as Bernie Dodd, a director who gambles on a player.

"Country Girl" will be given on December 1, 2, and 3, and the following Thursday, Friday, and Saturday, December 8, 9, and 10. Curtain is at 8:15 p.m.

Mrs. Stroud, directing her third play for Footlighters, is a graduate of the Los Angeles Conservatory of Music and Arts. She has appeared in productions at both the Laguna and Pasadena Playhouse.

As a non-profit organization, Redlands Footlighters contributes all income above expenses to the Redlands Optimist Club for its part in the support of a boys' ranch at Devore.

## Chicagoans Return Home

Mrs. Ann Engelberg, niece of Esther Gilbert, and Barbara Kaplan, grand niece, have returned to their home in Chicago after three weeks visit in California. Mrs. Gilbert entertained the visitors at the Racquet Club, Tennis Club and Ranch Club. They also motored along the coast and visited in San Diego and San Francisco.

When they enplaned for Chicago Wednesday, it was with reluctance to leave the sunny California weather as their mail from the Mid-west had brought them the news of cold, blustery winds.

## Mrs. Hansen Named Area Seal Chairman

Mrs. H. Lauritz Hansen of Palm Springs has been appointed area chairman of the annual sale of Christmas Seals conducted by the Riverside County Health and Tuberculosis Association.

Mrs. Hansen, who is well known for her interest and leadership in civic affairs in Palm Springs, expressed satisfaction at being called upon to serve in the anti-tuberculosis campaign.

Having been born in Denmark where the plan to fight tuberculosis with Christmas Seals originated, Mrs. Hansen pointed out that Einar Holbøll, a Danish postal clerk, provided the inspiration which led to the first sale of Seals or "stamps" in Denmark in 1904 and that the first money raised was used to build a sanatorium for the treatment of tuberculosis children.

"It was a magazine article telling of success of Danish Christmas seal which led to the first sale of Seals in this country in 1907," she said, pointing out that the traditional Seal will soon have rendered half a century of service in the anti-tuberculosis crusade in America.

## Stolen Auto Turns Up As Runaway Car

"Hello, police? My car has been stolen!"

With a conversation something like this, Dr. James B. Oliver notified the local police of the possible theft of his car—but then, that's only part of one of the most unique stories on the police reports.

The story goes something like this:

DR. OLIVER DROVE his car to the corner of Palm Canyon Drive and Racquet Club Road, when he ran out of gasoline. He left his car and walked to the nearest service station to get some gas, and when he returned to where he had left his car it was gone. Sure that it had been stolen, or at least driven away, Dr. Oliver notified the local police.

On their arrival at the scene, police started an immediate investigation.

They found the car.

IT SEEMS THE car had coasted away and had hidden itself in the yard of City Councilman Jerry Sanborn.

And, of course, the car, entering the yard unannounced, managed to take with it at least two sections of Sanborn's fence.

Though it was a difficult way for old friends to meet, Dr. Oliver and Sanborn got the car out of the yard and Sanborn helped the doctor take the car to the station for gasoline.

## City Employees Party Date Set

Plans for a Christmas party for 150 city employees and families are being made with a tentative date set for a \$1-a-plate do-it-yourself steak barbecue.

City Manager Robert W. Peterson announced yesterday at an informal luncheon attended by members of city council, City Attorney Jerry Bunker, and Director of Finance Shelby Langford that the council is invited to join the festivity. He said the dinner will be held December 13, at the Playhouse, starting at 7 p.m.

## Safety Tips

The California Highway Patrol reports that many motorists are still using parking lights as driving lights.

"The law prohibits the use of parking lights as driving lights at times when headlights or fog lights are required," declared Patrol Commissioner B. R. Caldwell. "This law was necessary to correct an obviously dangerous practice."

"Parking lights when used as running or driving lights have a tendency to deceive other drivers by creating illusions of distance and speed of oncoming vehicles," Caldwell said.

"We urge every driver to develop the habit of lighting the headlights, not the parking lights, when first turning on car lights at dusk or whenever impaired visibility requires lights. This will help other drivers and pedestrians see your vehicle better and will provide more safety at times when our traffic accident rate is highest."

## Furniture Drive for Finn Boys to End Dec. 10

Furniture drive for Mickey Finn's Boys Ranch, Christmas project being conducted by Kiwanis sponsored Boy Scout Troop 77, is well under way but more contributions are needed, Scoutmaster Vern Baumgardner reminded Villagers today.

Donations may be left at the home of the Scoutmaster, 210 210 East Amado Road, or will be collected on Saturdays by the Troop. Persons having articles which they wish to be collected may call 4247, 2591, 9068, 7691 or 5487.

Deadline for the furniture drive is December 10.

After the project has been completed, the Scouts will hold their annual banquet for friends and mothers at the Ranch Club on Friday evening, December 16.

## Civic Chorus Membership is Still Open

Membership in the Palm Springs Civic Chorus is still open, Director Harry Tomlinson reported today.

Additional singers are urged to join the Chorus for its annual performance of Handel's "Messiah" on December 18.

Chorus rehearsals are held at Cahuilla school, at 7:30 p. m. Monday and Thursday evenings. Anyone interested in joining the Chorus is asked to attend rehearsal or contact Tomlinson.

## Fearless Fred Now Known as 'Mach I'

DENVER, (AP)—Air Force Academy cadets have renamed their Falcon mascot "Mach I," a scientific word for the speed of sound.

When Mach I dies his successor will be dubbed Mach II—twice the speed of sound. The third mascot will be Mach III, and so on. Mach I formerly held the unscientific name of "Fearless Fred."

## YOUR MONEY'S WORTH

By SYLVIA PORTER

What causes an automobile accident?

Let's assume you're driving a car tomorrow. You're sober, a careful driver, wide awake, emotionally calm and confident. Your automobile is in excellent condition, the weather is fine, and it's daytime. In short, everything is okay.

Yet suddenly, you're involved in an automobile accident. Suddenly, you become a "statistic"—an addition to the nearly 10,000,000 traffic accidents now occurring annually in our land.

Why?

A key reason why is: Intolerable traffic—the awful congestion that is becoming normal on the obsolete roads, archaic highways, utterly inadequate streets that are a disgrace in most of America today.

ON DEC. 1, America will mark its second annual "Safe Driving Day" under the sponsorship of President Eisenhower's Committee for Traffic Safety.

When I began digging into the various economic aspects of this occasion—and the very fact that a "Safe Driving Day" has become necessary is a horrible commentary in itself—I came again and again to the rotten role "traffic" has played in the accident tragedy.

Logically, you might conclude that the more obsolete and inadequate the road, the more careful a driver would be. But no.

In the words of the so-called "father of the U. S. highway system," former Public Works Commissioner Thomas H. MacDonald, "Paradoxically, driver behavior becomes worse as the road becomes more inadequate to carry safely the traffic volume. On the other hand, evidence supports the conclusion that, as the standard of design is raised, driver performance becomes more responsible."

And as John W. Gibbons, an official of the Automotive Safety Foundation, added when I interviewed him on the same subject: "While we still must do more research on the relationship between congestion and accidents, we do know that the accident rate on old-fashioned, crowded roads is much higher than on the new, modern highways. On most highways we do know the accident rate mounts with increasing traffic volume."

THE ECONOMIC COSTS of traffic get more glaring every year.

The annual loss due to congested and unsafe highways is now estimated at over \$3 billion!

Of this, \$1.2 billion represents just the cost of accidents; another \$750 million disappears in wasted gasoline and needless wear on tires and brakes; another \$1 billion goes into boosted trucking costs.

And this is just part of the tale. Because of traffic accidents, you and I lose more in the higher rates we must pay for automobile insurance and the higher taxes we must pay for hospitals, police and fire departments, etc. We pay tribute in the increased prices we are charged for all goods transported by trucks. We pay again

in the higher prices we are charged for goods turned out by companies that lose vast amounts of production time because their workers are involved in car accidents.

The relationship between congestion and car accidents is also becoming more monstrously apparent every year.

Surveys just made reveal that on the freeways of California, the fatality rate is 2.12 deaths for every 100 million miles of vehicle travel. But on California's rural highways, the rate soars to 9.39.

ON U. S. ROUTE 1 in Maine (not a modern highway), the death rate is an outrageous 22.3 per 100 million vehicle miles. On the Maine Turnpike, though, it is 2.8.

On the expressways around Detroit, the death rate is 3 per 100 million. On Detroit's main streets, it is 7.3. And so it goes.

What can you do to reverse the

## Steady Flow of Christmas Cards, Parcels Starts Here

Postmaster Merritt Williams announced today that there has been a steady increase in the flow of Christmas cards and packages through the post office the past few days.

He said he was glad to see that many people are getting their Christmas gifts for distant points into the mail this week pointing out that packages addressed to folks living in other states should all be mailed before December 5 and those for nearby points before December 10.

STRESSING THE need for everyone to cooperate on his 1955 "Mail Early for Christmas" campaign, Williams says that by following these three simple rules, gifts are certain to be delivered before Christmas Day: wrap them securely, address them correctly, and mail them early.

He went on to say, "Of course early mailing of all Christmas cards and gifts is a big factor in getting everything delivered before Christmas. Keep in mind that careful packing and correct addressing is equally important. Every year many poorly wrapped packages break open despite careful handling and we often have to puzzle over addresses which are incomplete or simply cannot be read at all."

ADVANCE CARE in preparing devilish trend? Of course, drive more carefully. And demand that Congress pass legislation this coming session to give more Federal aid to highway construction. And get behind local moves to improve the traffic situation. And insist on better enforcement of the local traffic laws.

Recognize, in short, what traffic congestion means to you in terms of your pocketbook as well as your nerves and time—not to mention life itself. Wake up. And act.

gift packages for the mails and making sure that all addresses are legible and complete will prevent disappointment to sender and receiver alike.

"If you have any articles of unusual size or bulk, better check with the post office before attempting to mail them," the postmaster warned. "The limits on size and weight of packages varies, depending on where you mail your package from."

Some post offices cannot accept packages that are more than 72 inches in combined length and girth, nor more than 20 pounds in weight. In others, the limits go up to 100 inches in combined length and girth and 70 pounds in weight.

IT IS ALWAYS better to use corrugated cartons for shipping your gifts especially where there are a number of various sized objects," Williams said. "Use plenty of wadded tissue or newspaper in the cartons for extra protection against shock. Complete each package by wrapping in heavy paper and tying it with strong cord."

As extra precaution against loss, he advised placing both the return address and the recipient's address inside the carton or package before it is wrapped.

OTHER WARNINGS were: "Don't seal your parcel unless you include a notice reading 'Contents merchandise—may be opened for postal inspection' along

with your return address and the recipient's address on the mailing label. If you use Christmas stickers or seals put them on the back of your Christmas cards and packages so that they will not conflict with the address on the front.

"Before you release your packages be sure that proper postage is firmly affixed to each and is a good idea to place a piece of transparent cellophane tape over the address portion of the label to prevent defacing it in transit. Make sure, of course, to include the recipient's full name, street address, city, zone and state."

## KING SAUD'S VISIT TO INDIA KEY TO OIL FIELD

By CHARLES M. McCANN  
United Press Staff Correspondent

The visit of King Saud of Saudi Arabia to India may prove to be an important development in the Middle Eastern situation.

Soviet Russia thrust itself into the picture when it arranged for its satellite Czechoslovakia to send arms to Egypt.

Russia, of course, took advantage of the tension between the Arab countries and Israel.

"Neutralist" Prime Minister Jawaharlal Nehru of India seems to have that situation in mind in asking King Saud to visit him.

Involved also is Nehru's aim to form a solid bloc of African and Asian countries which will detach themselves from the Western sphere of influence.

**NEHRU'S INVITATION** to King Saud to visit India seems to be a new move in his campaign.

It is a move which comes at a time when the United States and its allies are trying to strengthen their position in the Middle East.

The Western Allies are somewhat embarrassed because of the dangerous Palestine situation.

Both Egypt and Saudi Arabia are important to them and the activity of Russia and India can only add to their difficulties.

It is no secret that Russia has

offered arms to Saudi Arabia, as well as Egypt, and that Saudi Arabia is considering the offer.

King Saud's kingdom, a vast stretch of desert sand, practically floats on a sea of oil.

That oil, one of the most important sources of fuel in the world, is exploited by the American owned Arabian American Oil Company.

**UNTIL THE FIELD** was opened, Saudi Arabia's revenues were derived almost entirely from a head tax imposed on pilgrims to Mecca, shrine of the Moslem world.

Now, Saudi Arabia, which means King Saud, gets something like 100 million dollars a year in oil royalties from "Aramco."

There is also the little-mentioned fact that the United States has one of its greatest air bases at Dhahran in Saudi Arabia. The base can command the entire Middle East.

From it, giant bombers are well within range of the Soviet Union.

The agreement under which the United States holds the Dhahran base comes up for renewal next June.

With Russia tugging at Saudi Arabia from one side, and India from another, the United States may find it difficult to maintain its position.

## Russia's Hydrogen Bomb Exploded in Gobi Desert

**TOKYO, (AP) —** A Japanese university scientist said today Soviet Russia exploded its latest hydrogen bomb in the vast Gobi Desert of Outer Mongolia.

Prof. Tadao Kiyokawa of Kyoto University, estimated from scientific instruments placed at three points in Japan that the Russian test explosion occurred at about 12:30 a.m. EST on November 22.

He based his report on atmospheric shock waves.

Kiyokawa, head of the special meteorological laboratory of Kyoto University's section of terrestrial physics, placed the site of the hydrogen explosion somewhere in the Gobi Desert of Outer Mongolia.

Kiyokawa estimated the time and place of the Soviet hydrogen explosion from atmospheric pressure instruments in Kyoto and two

cities to the south and west—Okiyama on the Island Sea and Totori on the Japan Sea.

Each of the three cities is on Honshu, the main Japanese island.

Unusual shock waves were recorded in the three cities during the late afternoon of November 22, the Japanese scientist said.

Kiyokawa said he calculated the time and site of the explosion by triangulation and computations based on the speed of atmospheric shock waves of varying frequencies.

## American Cities Must Wipe Out Slums, Warning

**MIAMI, Fla., (AP)—**Federal Housing chief Albert M. Cole warned today that American cities face bankruptcy in 1965 unless they move quickly to wipe out slums and rundown areas.

Cole said the rapid increase in population and new families expected after 1960 will create greater demands on municipal tax resources.

These additional demands "will become insupportable if the present heavy costs of slums, blight and obsolescence are allowed to go on," he said.

**COLE POINTED** out that the population probably will jump to more than 190 million by 1965, almost all the increase being registered in urban areas.

Cole said the problem of "urban renewal can be successfully accomplished only on an area-wide basis."

"The people of any city without a comprehensive plan of action underway within the next five years at the latest will face municipal bankruptcy in 1965," he said. Cole issued his warning in a speech prepared for the American Municipal Association.

He said that a substantial number of cities already are attacking the problem and have achieved "conspicuous results."

**UNDER THE HOUSING** act of 1954, he noted, community-wide programs have been approved for more than 70 cities and towns. About 90 others have programs in the planning stage. This brings the total to some 320 development programs underway in more than 200 communities.

The housing act provides for federal loans, mortgage insurance and direct grants to aid cities in such programs.

Adlai Stevenson, candidate for the Democratic presidential nomination will address the association tomorrow.

New York Mayor Robert Wagner told a panel group late yesterday he could offer no solution to the complex problems of his metropolitan area but suggested that New Jersey, New York and Connecticut could form a tri-state commission to study them.

**CHICAGO MAYOR** Richard J. Daley said that metropolitan problems "can no longer be effectively handled with the antiquated machinery of government adapted to a horse and buggy era." He added that most of the 168 metropolitan areas in the nation have been granted only enough authority to allow them to "limp along."

"I believe that metropolitan area governments should be given the widest possible range of discretionary powers so they can move to solve their revenue problems," the Chicago mayor added. "The local electorate will see that local taxes do not get out of hand."

Mayor Noel E. Porter of the suburban city of Palo Alto, Calif., gave a qualified endorsement of the metropolitan plan.

"I would be hesitant to suggest the relinquishment of certain service functions which the small cities are capable of performing and which help insure that citizen participation in government is continued," he said.

**Blame Husband**  
in Fatal Crash

A coroner's jury Monday, after hearing testimony from witnesses, delivered a verdict which placed the blame on Ruben Garcia, 21, Thermal, for the death of his wife, Herminia, 19, in an automobile accident Friday night.

The jury declared that Mrs. Rivera's death resulted from "negligence and excessive speed" on the part of her husband.

The accident involved three cars, and occurred on Highway 111 near Araby Point.

## Banning Traffic Tie-Up Causes Concern Here

City Manager Robert W. Peterson will confer with Bernard Owen, city manager of Banning, in regard to the critical traffic tie-ups which have been occurring Sunday afternoons for the past few weekends, and which show no sign of decreasing.

Peterson said he had received reports that cars were being immobilized, bumper-to-bumper for eight miles, waiting to get through Banning from the Village on Highway 99.

The main source of slow-up seems to be a signal in the middle of Banning which alternates between east-west and north-south on 30-second intervals, making no allowance for the heavy west-bound traffic trying to get into Los Angeles area.

Mayor Florian Boyd said band-leader Horace Heidt phoned him Sunday evening to report the condition. Heidt said he contacted the police chief of Banning, but no changes were made, nor promised.

## Only Ambitious Candidates Seek Decision by Ike

By RAYMOND LAHR  
United Press Staff Correspondent

**WASHINGTON (AP) —** Sen. Irving M. Ives (R-NY) said today that "only ambitious, potential candidates" for the 1956 GOP presidential nomination are anxious for President Eisenhower to make an early announcement of 1956 plans.

He made this comment after he and other Eisenhower partisans were given fresh cause for optimism that the President may seek re-election despite a hear-attack two months ago.

Chairman Leonard W. Hall of the Republican National Committee visited Mr. Eisenhower at Gettysburg, Pa., Monday and said he felt "very much encouraged" that the President would run again. He made it clear, however, that the Chief Executive did not say or indicate what his second term decision will be.

**HE ADDED** that he does not expect any official announcement from Mr. Eisenhower for several months.

On the Democratic side, Adlai E. Stevenson chided Michigan Gov. G. Mennen Williams for criticizing Stevenson's call for a "moderate" approach to national issues.

"I should say I hope Governor Williams is not in favor of immoderation," Stevenson told reporters at Jacksonville, Fla., "perhaps he didn't read my speech and I should send him a copy."

Ives was reminded that some Republicans, notably Senate GOP Leader William F. Knowland, have indicated a belief that Mr. Eisenhower's announcement ought to come by early January. This would give presidential aspirants time to enter state primaries in case Mr. Eisenhower should announce his retirement.

"That comes only from ambitious, potential candidates," Ives commented. "Everyone else among Republicans wants him to run again and are willing to wait. We don't want to rush him."

**A SIMILAR VIEWPOINT** was voiced by another staunch Eisenhower backer, Sen. Gordon Allott (R-Colo.) who said he felt the world situation is such that Mr. Eisenhower has more to contribute than any other potential candidate.

"I feel it would be a mistake to urge a hasty decision just to get an early decision," Allott said.

He added that there would be plenty of time for other possible GOP candidates to test their strength in the later presidential primaries if Mr. Eisenhower should rule himself out.

Deadlines fall about Feb. 1 for candidates to file in New Hampshire, Minnesota and Ohio presidential primaries.

**Garcia Returns**  
Home from Korea

Joe Garcia, son of Mrs. Rudy Salazar, telephoned his mother Saturday that he had just arrived in Seattle from Korea, and would receive his discharge from the U. S. Army in about five days at Ft. Ord.

Garcia, who has spent about two years in the army, was graduated from Palm Springs High school and attended Chaffey college.

## New Hotel TV Rate Schedule Starts Saturday

A system to reduce present television cable subscription rates for hotel and apartment owners will go into effect Saturday, City Manager Robert W. Peterson reminded city council at an informal luncheon meeting yesterday at El Mirador.

Master Video Systems, Inc., will lease coaxial cable presently owned and operated by Community Television Corporation. The new company plans to install, service, and pay all maintenance and taxes on hotel and apartment sets for a per-set charge.

When 100 units are installed, the per-unit charge will be dropped by 10 per cent; installation of 200 will drop the rate to 20 per cent, and 300 or more sets will bring a final rate drop of slightly more.

The charge will be based on the number of sets installed in hotels throughout the Village.

**New Subdivision**  
Set in Cabazon

Cabazon planning commission last night approved a new subdivision of 189 lots, called Cabazon Vista, subject to certain restrictions including a 25 foot setback, paved streets and water lines.

The group invited Herman Ranes, Palm Springs planning director, to meet with them at its next session.

Regular meeting date of the commission was set for every Wednesday evening.

## Southland Bus Lines Face Tie-Up in Driver's Strike

**LOS ANGELES, (AP) —** The Brotherhood of Railroad Trainmen said strike vote ballots would be counted today to determine if some 1,100 drivers employed by Metropolitan Coach Lines and Asbury Transit Lines go on strike Wednesday midnight.

A walkout would affect riders in Los Angeles, San Bernardino, Riverside and Orange Counties.

Don Sheets, general chairman of the union, said union members had turned down by a "substantial majority" a company offer of a 15-cent hourly wage increase over a year period. The proposal had been agreed upon by both company and union negotiators in a

meeting with federal conciliator Harry Malcom.

Meanwhile, both sides have expressed willingness to resume negotiations in an effort to reach an agreement and avert a possible strike. However, no further conferences have been set.

## MRS. PEACOCK HAD MR. PEACOCK IN A TIZZY FOR AWHILE

NEWMARKET, England, (AP) — Horse trainer Dick Peacock heard the auctioneer at the New Market bloodstock sales announce: "Mrs. Peacock at 10 guineas. Any advance?"

Peacock looked around frantically for his wife but it was too late. Mrs. Peacock was "going, going, gone" for 84 pounds about \$235.

Peacock calmed down when he learned "Mrs. Peacock" was a three-year-old horse owned by Miss Dorothy Paget.

## Oklahoma is Rated Tops in Final UP Poll

By NORMAN MILLER, United Press Sports Writer

NEW YORK (AP) — Oklahoma's slick Sooners, who exploited speed, savvy and spirit for a perfect record and a berth in the Orange Bowl, were chosen the 1955 national college football champion today by the United Press Board of Coaches.

In the final balloting of the season, 24 of the 35 leading coaches who make up the United Press rating board picked Oklahoma best in the land. On a point basis, the Sooners received 323 out of a possible 350 for a 14-point margin over Rose Bowl-bound Michigan State.

COACH RUD WILKINSON'S split-T powerhouse, which averaged 36.5 points in 10 games for the highest scoring record among major college teams, was voted the Nation's No. 1 team for the second time in the past six seasons.

The coaches—the men who know the game best—ranked Michigan State, Maryland, UCLA and Texas Christian in order behind Oklahoma. Ohio State, Georgia Tech, Notre Dame, Mississippi and Auburn rounded out the top 10 teams.

Michigan State was the No. 1 choice of seven coaches, while Maryland and UCLA each was picked by two. Of the 11 coaches who did not vote Oklahoma tops, six picked the Sooners second, one third, two fourth, one seventh and one eighth.

THE ORANGE and the Rose bowls thus correlated the nation's top four teams. Oklahoma and Maryland, the only undefeated and untied teams in the major college ranks, collide in the Orange Bowl, while Michigan State and UCLA meet in the Rose Bowl. The Cotton Bowl also will present an attraction between two teams in the top 10, with fifth-ranked Texas Christian pitted against ninth-ranked Mississippi. Georgia Tech rated seventh meets Pittsburgh rated 11th in the Sugar Bowl.

THE FINAL United Press 1955 college football ratings with first-place votes and won-lost-tied records in parentheses:

POINTS	RECORD
1. Oklahoma (24) (10-0)	323
2. Michigan State (7) (8-1)	308
3. Maryland (2) (10-0)	270
4. UCLA (2) (9-1)	253
5. Texas Christian (9-1)	238
6. Ohio State (7-2)	181
7. Georgia Tech (8-1-1)	144
8. Notre Dame (8-2)	141
9. Mississippi (9-1)	140
10. Auburn (8-1-1)	137
11. Pittsburgh (8-2)	132
12. Southern California (24) (13-1)	131
13. Texas A & M (13-1)	131
14. Army and Duke (8 each)	127
15. Virginia (5-18 Miami, Fla. 4-19 Iowa)	126
16. Navy, Stanford and Miami	125
17. Ohio (2 each)	124
Others—Tennessee and Kentucky, 1 each

RACQUET CLUB TENNIS STAFF talk of activities scheduled for coming season. Vini Rurac, European and eastern United States champion, both professional and amateur, left, chats with host Charlie Farrell and Juliana Copeland, tennis hostess. Rurac arrived last week to take charge as tennis pro. Next match will be Annandale-Racquet Club round robin December 3 and 4.

## RURAC HEADS RACQUET CLUB PRO NET STAFF

The Racquet Club tennis professional staff is now headed by Vini Rurac, who arrived Friday to start a full swing of activity for the season.

Rurac had been in Colorado this summer, teaching at the Denver Tennis Club. His record of tennis accomplishments is long.

As an amateur in Europe, he won top honors in Czechoslovakia and Southern France prior to World War II. Rurac then came to America, and still as an amateur, took the 1946 New England States Championship.

Rurac donned the professional cloak, and went on exhibition in Vienna, Austria; Stuttgart, Germany; and Zurich, Switzerland. While on that circuit, he played both singles and doubles. His partner was Hans Houanier, Swiss professional champion.

He returned to the states a couple of years ago, and went on a pro tour with Bobby Riggs, who is the originator of professional tennis touring. In 1954 he and Riggs won the pro doubles championship of Canada.

Rurac then took the Eastern Singles championship after returning to New York, and this year, again with Riggs as a partner, won the Eastern Professional Doubles championship.

He took a short time off from the pro tour on the invitation of the Austrian Minister of Education to conduct a tennis clinic in Vienna. He accepted, and upon completion, travelled to Denver and thence to the Village and the Racquet Club.

## Red Diamonds Take Honors in Weekend Polo

The four-game, four team, round robin polo match at Shadow Mountain Polo Field Saturday and Sunday gave the Palm Springs Red Diamonds a sizeable margin in both prestige and score for the coming busy polo season at the Palm Desert field.

Saturday, the Red Diamonds, led by Frank Bogert and including Larry Funkhouser and Allen Scher, beat the Shadow Mountain Polo Club, 6 to 5. Sunday, the local lads whopped their Village opponents, El Mirador Polo Club, 13 to 5.

Their first opponents, the SMPC, consisted of Ted Pierce, Lisle Nixon and Loyd Phillips. The second team to lose to the Diamonds was made up of Bill Moore, Tony Veen, and Harry Marrell.

THE SCORES RAN thus: Saturday's first game, San Francisco polo club—5 El Mirador Polo Club—6. Saturday's second game, Red Diamond Polo club—6. Shadow Mountain Polo Club—5.

SUNDAY'S FIRST game, Shadow Mountain Polo Club—7 San Francisco Polo Club—7. Sunday's second game, El Mirador—5. Red Diamonds—13.

Members of the San Francisco club include Willie Tevis, Tod Helser and Bill Mayberry. Tevis brought his stable of horse from San Francisco, and will quarter them at Shadow Mountain Stables for the winter polo season.

LARRY FUNKHOUSER of the Red Diamonds set an individual scoring for the weekend with nine goals in the two games, and seven in one game. He has been playing polo for nine years, and is 21-years-old.

There will be matches next week at the same field, with the Red Diamonds, La Jolla Polo Club, Shadow Mountain Polo Club, El Mirador Polo Club, San Francisco Polo Club and Stanford Polo Club.

## International Aspect Given Local Races

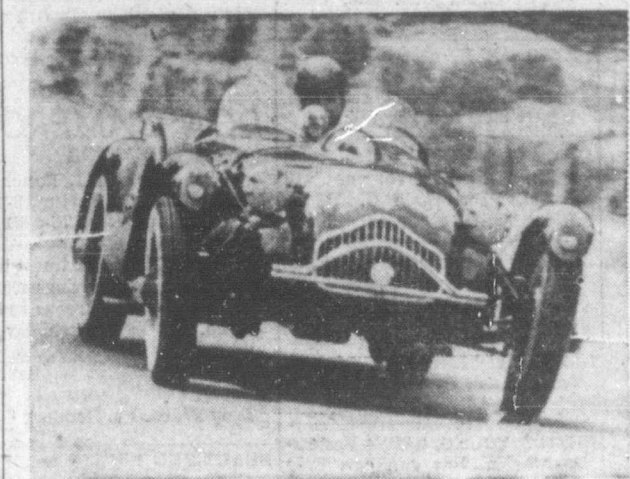

Britain's newest threat in the international sports car derby will make its American debut during the ninth running of the Palm Springs Road Races this weekend, Chairmen Joe Weissman and Ray Frug said today.

Known as the A.C. Ace, the powerful machine will be driven by Robert Piercy of Los Angeles. The production job is a 1991cc speedster going in the medium bracket for cars over 1500cc, the third race on Saturday. If it qualifies it will gain a starting berth in Sunday's one and one-half hour feature.

CY YEDOR, rated one of the Southland's finest sports car wheelmen, just entered an OSCA, the twin-ignition Italian bomb of 1490cc. Speedboat Champion Morlan Visel entered a Mercedes 300SL. Also listing the German production jobs were Wells E.A. Forde, Rudy W. Cleye and Bill Sturgis. The latter hails from Gardnerville, Nevada.

Other newcomers include Arkell Burnap, Austin-Healey; Bob Dickson, Jaguar XK120M; John W. Ferrell, Jr., MGTD; Robert Holbrook, Crosley Special; Fred Knopp, Austin-Healey; Clarence Raville, MGTC; John Robinson, Jag XK120M; John P. Young, Young Special, 748cc; James R. Firestone, Triumph TR2; James Talcott, MGTF; Leon Miller, Singer; Robert Donner, Jr., Porsche 1500S; Ed Savin, Morgan TR2; and Fred Woodward, Jaguar Special.

SEVEN RACES are billed Saturday, with five features on Sunday. The green flag flutters at 12 noon both days. The meet is sponsored by the California Sports Car Club, with the cooperation of the Long Beach MG Club.

COMING AT YOU is Bill Pollack, Sherman Oaks, one of the West's veterans sports car pilots. Pollack makes a comeback after being set down for rough driving tactics in Hansen Dam event not long ago. He'll see action during Palm Springs Road Races December 3-4, facing topflight wheelmen from all over nation. Event is expected to draw 20,000 fans.

## Boston Red Sox Buy Seals in \$370,000 Package Deal

COLUMBUS, Ohio (AP)—The Boston Red Sox became the new owners of the San Francisco Seals of the Pacific Coast League today and cleared the decks for operation there by announcing they will give up Louisville of the American Assn.

The Red Sox bought the Seals Monday night in what could be a \$370,000 "package" - paying off the Seals' \$220,000 in back debts, plus another reported \$150,000 to the league.

Sox officials said they plan to build up the Seals' roster with top-flight talent, and that's why they will give up Louisville - long their No. 1 farm club. They said they just do not have enough suitable players to man two high classification minor league teams.

Boston officials said already they have two bidders for Louisville.

Maentz Named Head of Michigan Squad

ANN ARBOR, Mich. (AP) — End Tom Maentz, a 207-pounder from Holland, Mich., was named today to Captain Michigan's 1956 football team. He succeeds Ed Meads at the post.

## Little Wins Over Quick in Chino Play

Gene Littler of Thunderbird Country Club came up in the final rounds Sunday to take the second annual Pomona Valley Open tournament at Los Serranos Country Club, Chino, Sunday, defeating Smiley Quick, of Rio Hondo, by a single stroke.

His 36-hole total was 135. Quick started Sunday's round with a one-stroke lead on Littler and at the end of the first nine, maintained his advantage as each went out in even par, 36.

Jerry Barber of Wilshire, Ryder Cup player who played in the international matches at Thunderbird early this month, drew up within one stroke of the leaders with a sharp 33.

On the back nine, however, Littler picked up five birdies to cap 33 for a 69 total, three under par. Barber's 68 was low for the day and he wound up third with a 137.

Scores of the leaders:  
Littler ..... 66-69-135  
Quick ..... 65-71-136  
Barber ..... 69-68-137

## Junior Welfare Society Names New Officers

New officers have been selected by the Junior Welfare Society and include Vickie Biss, chairman; Mari Ann Williams, vice-chairman; and Patty Patzner, secretary.

Plans are now being discussed for Christmas decorations at the Toy Loan Library operated by this group. December 17 is the date set for the next "Grab Bag" to be held at the library.

IN ADDITION to the officers, the members include Rita Anderson, Vera Biss, Myra Grone, Susan Mitchell and JoAnn Rosin. Miss Helen Peterson is the sponsor.

Both the Junior Welfare group and Toy Loan Library are under the auspices of the Welfare and Friendly Aid Society, a Community Chest agency in Palm Springs.

According to Miss Peterson, more toys are needed for this library and donations will be appreciated. Good wheel toys are especially welcome, as are middle-sized toys such as trucks, boats, cars and trains.

OTHER POPULAR toys needed are doll accessories, puzzles, games, costumes in good condition and small toys for the holiday Grab Bag. Donations should be left with Miss Peterson at the Frances Stevens kindergarten.

The Toy Loan Library is located on the school grounds in the building at the corner of Palm Canyon Drive and Alejo Road. It is open every Saturday morning from 10 to 11:30. All school children are welcome, and for a yearly membership fee of 25 cents may borrow a toy each week.

## Local Indians Eligible for Surplus Houses

No applications have been received from members of the Agua Caliente Band of Mission Indians for surplus demountable houses to be moved from San Diego county, Ned Mitchell, local Indian agent, announces.

Provisions for Indian tribes and Bands of San Diego, Riverside and Imperial counties to obtain these houses were included in the Housing Act of 1954, and allocation of \$100,000 to aid in this project was recently approved by the Comptroller General of the United States.

Assistance to any member of an eligible tribe to relocate a house cannot exceed \$300. To be eligible for aid, Indians must first secure approval from the Riverside office, Bureau of Indian Affairs.

## Indio Christmas Parade to be Held Saturday

INDIO — Annual Christmas parade will be held Saturday, December 3, starting at 9:30 a. m., under the sponsorship of the Indio Chamber of Commerce.

Among the many floats will be one sponsored by the Chamber, which will carry Santa Claus. Bands and riding groups will participate, and featured will be children riding gaily decorated bicycles and tricycles. Camels of the Riverside County Fair also will be entered.

The parade will stop at the intersection of Smurr and Requa, where Santa will distribute gifts of candy to all children.

## Billboard Control Planned by Cabazon

The string of billboards which have lined Highway 99 through Cabazon may be controlled in the near future.

City council has started action on enacting an ordinance which would require a \$250 annual license fee for each billboard. In addition all existing billboards and outdoor advertising must be removed within one year unless council grants permission for such signs to remain.

## Judges Named to Count Votes in C of C Election

Judges committee to count ballots in the Chamber of Commerce directors election on December 6 was announced today by Harold West, Chamber president.

All ballots must be returned by next Tuesday, with the six new directors elected to be installed at the annual Chamber banquet on January 11 at El Mirador Hotel.

THE JUDGES include Eddie Davidson, chairman, John Williams, Ray Lusby, Al Laurie and Stan Jaloff.

Members are now voting on 12 candidates: West, Harry Paisley, Francis Crocker, Earl Hough, Warren Slaughter and George Oilman, whose terms expire December 31; William Veith, Ward Risvold, Dewey Metzdorf, Adrian Rosen, George Beebe, Jr., and Arthur Coffey.

HOLDOVER DIRECTORS whose terms expire December 31, 1956, are: Bud Bachtold, Tom Kieley, Frank Bogert, Culver Nichols, Sherman Hull and Stewart Williams.

Appointive members who complete the board of 17 members, and who will serve until replaced by their respective associations, are: Adele Colgan, president, Hotel and Apartment Association; Herb Esbitt, president, Junior Chamber of Commerce; William Tackett, Home Owners League; Adrian Rosen, president, Retail Merchants, and Terry Ray, president, Real Estate Board.

## Red Cross Plans Swim Program for Handicapped

A swimming program for handicapped children will be started in Riverside city and county through the Riverside County Chapter, American Red Cross, John Kraft, safety service director, announced, after his return from a recent water safety conference in Santa Barbara.

The important points of the swim program were determined at the conference, at which Kraft conducted a review of the life saving program.

"The program will stress muscle substitution instead of muscle re-education as in post polio cases," Kraft said.

"WE INTEND to make this a community project starting with schools or organizations taking care of the handicapped, with doctors in charge of patients benefiting from this program, with organizations having the facilities for this activity and for service clubs who have programs helping handicapped children," he said.

The Red Cross responsibility is to train instructors and to give additional training to qualified instructors for them to act as advisors in this program.

INSTRUCTORS WILL work directly with medical advisors to determine the activity to be used for each child.

The second part of the program planned will be a survey asking parents if they are interested in teaching swimming to their own children or others in the neighborhood. Interested persons as determined from the survey will be an experimental group learning how to use Red Cross material on an actual basis in their own swimming pools or community pools to "Teach Johnny to Swim."

DOUBLE PARKING is one of the reasons for accidents, Sgt. Bob Young, in charge of traffic at Palm Springs Police department, points out to an unidentified motorist as he writes a citation for the offense.

Police are being extremely alert for traffic law violations during Safe Driving Week, which started last Wednesday and ends Thursday, December 1, S-D Day.

## City Building Permits Have Value of \$255,400

Building permit valuation in Palm Springs during the past week totaled \$255,400, according to records of the city building department.

## Minister Joins Appeal for Sane, Safe Driving

"Sane driving makes safe driving," the Rev. William A. Blondon, Jr., of St. Paul's Episcopal Church said today.

This reminder of every driver's personal responsibility for highway safety came as the nation approaches its second observance of S-D (Safe Driving) Day. The Village is now observing S-D Week prior to Safe Driving Day.

PRESIDENT EISENHOWER has proclaimed Dec. 1 as the date for the nation to make a second effort to keep traffic accidents at an absolute minimum for a 24-hour period as proof that traffic accidents can be prevented by individual and community action. The nationwide cooperative program is sponsored by the President's Committee for Traffic Safety.

"Accident prevention is a moral obligation for each of us," Rev. Blondon said. "But every day on the highway people who think of themselves as religious are guilty of conduct that denies almost every principle of real religion. They disobey laws they ignore the golden rule, they are selfish and rude and they forget they are their brother's keeper."

Declaring that recklessness with an automobile is as amoral as recklessness with a gun, Rev. Blondon appealed to motorists to protect their driving privileges by accepting their responsibilities.

"In only half a century," he said, "we have become a nation on wheels, with 55,000,000 motor vehicles on our highways. We not only live by the motor car—we die by it."

"IN ABOUT 55 years of motor

vehicle use more than 1,000,000 persons were killed in traffic accidents. At the present rate, we will kill the second million in much less time.

"As individuals and as an organized society we have not grown up to our automobiles. We still are adolescent. We mistrust our laws and regard enforcement as a game between driver and cop."

WE THINK OF driving as an inherent right, although legislatures and courts have repeatedly declared it a revocable privilege. And our traits of showing off, blaming the other fellow and trusting that everything will turn out all right come into full flower behind the steering wheel.

"The automobile has carried us far—but it is time for all America to slow down and face up to its responsibilities. And safety is

## Speed Up Speed

HARBOR SPRINGS, Mich. (AP)—While officials in scores of Michigan communities are talking about reducing speed limits, this northern Michigan community has increased the speed limit on its main street from 25 to 40 miles an hour in the residential area and from 25 to 30 miles an hour in the business district.

## The \$1 Question

MERIDEN, Conn. (AP)—A slightly angry driver appeared at police headquarters to pay a \$1 parking fine and handed Lt. Louis V. Aloia a \$100 bill. Aloia promptly counted out 99 singles in change.

everybody's responsibility. Let each of us face up to our moral responsibilities on Dec. 1 — and let us keep on doing it whenever we get behind the wheel of a car."
